INDEX

Vol. 37

Page

AHLQVIST, J., and KOHONEN, J.: Occurrence of Trichosomoides Crassicauda among Albino Laboratory Rats in Helsinki 38

AHO, K., KIRPILÄ, J., and WAGER, O.: The Persistence of the Agglutination Activating Factor (AAF) in the Circulation 377

ALHA, R. A., and LINDFORS, R. O.: Use of Acetone in the Isolation of Organic Poisons from Biological Material 149

ALHA, R. A., and TAMMINEN, V.: Infrared Spectroscopy in Forensic Chemical Identification 157

ANTILA, V., und HÄRTEL, G.: Über die Wirkung von Palfium (R 875) auf das Adrenalin-Lungenödem der Maus 239

BRINK, C., ESILÄ, R., and KARVONEN, M. J.: Equilibration of Sodium and Potassium between Intraperitoneally Injected Dextran and Blood Plasma in Normal and Adrenalectomised Rats 387

ELFVING, G.: Wound Healing in Denervated Skin of Rats 451

ERIKSSON, A. W., and WASZ-HÖCKERT, O.: Body Temperature Studies on Uniform Mice-Strains 42

ERIKSSON, A. W., and WASZ-HÖCKERT, O.: Body Temperature Studies on Different Mice-Strains 51

FRICK, M. H., and HALONEN, P.: Effect of Reserpine on the Toxicity of Adrenaline and Noradrenaline and on the Pulmonary Edema Produced by these Substances 63

FRICK, M. H.: The Effect of Reserpine Pre-Treatment in Experimental Pulmonary Embolism 290

HAKOLA, P., HEIKINHEIMO, R., and KAUPPILA, A.: Effect of Psychic Tension on Capillary Resistance 314

HOKKANEN, E.: The Mucoprotein Content of the Serum in Anaemia 77

HOLSTI, P.: Tumor-Promoting Effects in Mouse Skin 212

HOLSTI, P.: Hyperplastic Effect of Fatty Acids and Alcohols of Various Chain Lengths on Mouse Skin 216

HOLSTI, P.: Amyloid-Like Infiltration in Mice of a Non-Inbred Strain 220

HORMIA, M., and HORMIA, A.: Effect of Acepromazine on Liver Parenchyme in the White Rat 300

Häkkinen, I., and HARTIALA, K.: Fluorescence of Tetracyclin in Experimental Ulcers and Regenerating Tissue Injuries 115

Page

Jansson, E., Jalava, L., and Wager, O.: C Reactive Protein in Bacterial Meningitis 371
Jännes, J., and Lahikainen, T.: Changes in the Microbial Amino Acid Metabolism Induced by 4-Deoxypyridoxine 320
Kalliomäki, J. L., Rubinstein, E., und Viikari, S. J.: Über Agglutinationsähnliche Phänomene im Fingerbeerenblut nach Zugabe von Glycyl-glycin und Oxyprolin 395
Karvinen, E.: Assay of Gastric Secretory Inhibitors by Means of Carbaminoylcholine 69
Kasanen, A., Häkkinen, I. P. P., and Häkkinen, L. M.: Serum Sulphate and Endogenous Sulphate Clearance in Renal Diseases 341
Kivalo, A.: Effect of Camphor Upon the Coagulation of Blood 227
Kivalo, E., Rinne, U. K., and Mäkelä, S.: Activity of Some Enzymes in the Hypothalamoneurohypophysal System in Experimental Dehydration and Rehydration 28
Kivalo, E., and Tyrkkö, J.: Aldehyde-Fuchsin-Positive Material in Surgical Brain Lesions 33
Kivalo, E., and Rinne, U. K.: Effect of 5-Hydroxytryptamine on the Nucleus Supraopticus 262
Koivusalo, M., and Luukkainen, T.: Deacetylation of P-Acetylaminobenzoic Acid *in Vitro* by Various Rat Tissue Preparations 89
Koivusalo, M., Luukkainen, T., Miettinen, T., and Pispa, J.: Urinary Metabolites of P-Aminobenzoic Acid in Man 93
Kokkonen, M., and Heikkilä, H.: Variations in the Tissue Components of the Tuberculous Lymph Node 141
Koskeli, E-L.: Effect of Uraemic Human Blood on Mice 448
Kulonen, E.: Oxydation of p-Phenylenediamine by Umbilical Cord Extract 128
Laine, T., Pätiälä, R., Parmala, M. E., and Lokki, O.: Diphyllobothriasis as an Infectious Disease in Finland 251
Laine, V. A. I., and Julkunen, H.: The Bentonite Flocculation Test (BFT) in Rheumatoid Arthritis 100
Lamberg, B-A., Siurala, M., and Turula, K.: Studies with I^{131}-Labelled Fat II 433
Lavikainen, P., and Mattila, M.: The Convulsions and the Brain Acetylcholine Metabolism after Morphine and Nalorphine 133
Leppänen, M. K.: The Occurrence of Escherichia Coli Serotypes 26:B6, 55:B5, 86:B7, 111:B4, 125:B15, 126:B16, and 0 Groups 44 and 78 in Inflamed and Healthy Appendices and Faeces 105
Löfgren, L.: Local Changes in Experimental Arthritis and the Effect on them of Hyaluronidase 276
Markkanen, T. K., Grönroos, M., and Vanha-Terttula, T.: Effect of Flavaspidic Acid and Male Fern Extract on Gravidity 419
Mattila, S., and Renkonen, K.O.: Precipitation of Serum Proteins with Sulfosalicylic Acid 209
Muroma, A.: The Bactericidal Action of the Rare Earth Metals 336
Mäkelä, O., and Tilikainen, A.: Inheritance of the Gm Serum Group 180

Page

MÄKELÄ, O., MÄKELÄ, P., and LEHTOVAARA, R.: Sugar Specificity of Plant Hemagglutinins (Lectins) 328

MÄKELÄ, S., and GRÖNROOS, M.: The Cholinesterase Activity of the Uterus and Frankenhäuser's Ganglion 407

NIENSTEDT, W., and HARTIALA, K.: Glucuronide Excretion in the Alloxan-Diabetic Rabbit 110

PALVA, I. P., and KAIPAINEN, W. J.: Sensitivities of Beta-Haemolytic Streptococci 1

PIKKARAINEN, J., and KULONEN, E.: Artefacts from Methionine in Acid Hydrolysis and Chromatography 382

PÖRSTI, P., SALMIVALLI, A., and HARTIALA, K.: Fetal Intestinal Absorption and Transplacental Carriage of Phenolphtalein in Guinea Pig 269

RAUNIO, V.: Haemagglutination Caused by Pneumococci 243

RENKONEN, O-V., and RENKONEN, O.: Comments on Paper Chromatography of Phosphatides 197

RENKONEN, O-V., and RENKONEN, O.: Paper Chromatography of Non-phospholipids in Some Systems Devised for Analysis of Phosphatides 203

RENKONEN, O-V., and RENKONEN, O.: Paper Chromatography of Nitrogen Free Phosphatides of the Cardiolipin Type 357

RINNE, U. K., and NÄÄTÄNEN, E.: Anterior Hypophysis-Gonad Interrelationships after Cortisone Treatment 347

SALMINEN, A.: Difference in the Agglutinability of Rooster and Hen Erythrocytes by the Tick-Borne Encephalitis Virus 400

SEPPÄLÄ, T., and KÄRKELÄ, A.: Theophylline Plasma Levels after Oral Administration of Theophylline Sodium Glycinate 59

SIURALA, M., LAMBERG, B-A., TURULA, K., and HÄRKÖNEN, P.: Studies with I^{131}-Labelled Fat I 424

SIURALA, M., LAMBERG, B-A., TURULA, K., and HARJANNE, A.: Studies with I^{131}-Labelled Fat III 439

SOIVA, K., GRÖNROOS, M., and AHO, A.: Effect of Audiogenic-Visual Stimuli on Pregnant Rats 464

SUNDBERG, M., and SIURALA, M.: Mast Cells in the Gastric Mucosa of Patients with Peptic Ulcer and Gastric Cancer 175

TELKKÄ, A., and KULONEN, E.: Precipitation of Polysaccharides as Basis of Histochemical Reactions 310

TIILIKAINEN, A., LEHTOVAARA, R., and ERIKSSON, A.: Failure to Demonstrate an Aquired Immunological Tolerance of Children to the ABO-Agglutinogens of Their Mother 414

VAINIO, T., and LAHTI, A.: Species-Specific Properties of Tissue Culture Cells Propagated in Different Media I 9

VAINIO, T., and PENTTINEN, K.: Species-Specific Properties of Tissue Culture Cells Propagated in Different Media II 18

VARTIO, T.: Proteolytic Enzymes of the Pleural and Peritoneal Fluids in Various Pathological Conditions 189

VARTIO, T.: Proteolytic Enzymes in Cerebrospinal Fluid in Normal and Certain Pathological Conditions 193

Page

VARTIO, T.: Clinical Evaluation of a Simple Precipitation Test for Systemic Lupus Erythematosus 86
VARTIO, T.: A Simple Method for Uropepsin Determination 363
WASZ-HÖCKERT, O., KOSUNEN, T., and KOHONEN, J.: Effect of Ethyl Alcohol on the Susceptibility of Mice to Staphylococcal Infections 121
VIIKARI, S., and KOSKI, K.: Uropepsin Excretion during One and Several Days 306

Suppl. 1

CANTELL, K.: Investigations on Mumps Virus. Propagation of Mumps Virus in Chick Embryos during Serial Allantoic Passages with Undiluted Inocula.

Suppl. 2

KOSUNEN, T.: Acute Experimental Infections in Mice. Quantitative Microbial Studies.

Suppl. 3

MÄKITALO, R.: Degradation of Ribonucleic Acid by Fungus Extracts.

Suppl. 4

TORSTI, PERTTI: The Acetylcholine Content and Cholinesterase Activities in the Rabbit Heart in Experimental Heart Failure and the Effect of g-Strophanthin Treatment upon them.

Suppl. 5

MÖLLER, C.: Über die Erythroblastenproliferation bei stimulierter Erythropoese.

Suppl. 6

VENHO, E.: Pharmakologische Untersuchungen über die Toxizität und die Antagonisten der synthetischen Antikoagulantien.

Suppl. 7

KONTTINEN, A.: Serum Lipids in young Men during Military Service.
